PPA ADMINISTRATIVE ORDER
 NO. 05 - 92

T O : All Harbor Pilots/Pilot Associations
 All District/Port/PSD Managers
 Harbor Masters/Terminal Supervisors
 Others Concerned

SUBJECT : SCHEDULING AND ASSIGNMENT OF PILOTS
 TO SERVICE VESSELS

In line with PPA objectives to improve pilotage service and ensure prompt rendition of pilotage to vessels, the scheduling and assignment of pilots who will conduct vessels shall now be done by PPA.

For docking, undocking, shifting or vessel movements in ports, the PSD Manager, Harbor Master, Terminal Supervisor or designated officer of the port/subport/terminal shall prepare the rotation schedule in coordination with pilots/pilot association and assign the particular pilot tasked to service the vessel. PPA berthing assignments and unberthing orders shall now contain the harbor pilot which PPA has officially assigned to render pilotage service for each vessel. The availability of pilots and their promptness in rendering service shall also be closely monitored and recorded by the PMO.

The PDOs/PMOs are hereby directed to plan out its smooth implementation and coordinate with their respective pilot association and shipping lines. Each PDO/PMO shall also prepare their internal operating procedures suitable to their respective local condition.

All existing port rules, regulations and procedures inconsistent herewith are hereby modified/amended accordingly. This Order shall be implemented starting 01 November 1992 in all PDOs/PMOs and pilotage districts.
