In view of the strict implementation of the Work-From-Home scheme at the PPA Head Office starting July 16, 2020 until August 7, 2020 affecting the processing of applications for issuance of accreditation, Hold Over Authority (HOA), permits and other authorizations, the existing community quarantine in the National Capital Region and other parts of the country, and in consonance with Administrative Order No. 30 dated April 21, 2020 issued by the Office of the President, there is a need to further extend the validity of PPA permits/approvals, as follows:

1. All pending applications for accreditation and Permit to Operate (PTO) received by the PPA/Port Management Offices (PMOs) prior to or after March 15, 2020 are deemed approved for the purpose of doing business in the ports under PPA's jurisdiction, to be valid until August 31, 2020.
2. Hold Over Authority (HOA) to operate Cargo Handling (CH) services that expired or are expiring during the ECQ/MECQ/GCQ periods are deemed extended until August 31, 2020.
3. All other permits/certificates/authorizations issued by PPA/PMOs which are expiring by July 31, 2020 are also extended until August 31, 2020.

The extension period shall be non-extendible. In order to avoid the imposition of fines, charges and/or penalties, an application for extension or renewal should be filed on or before August 31, 2020.
